

When Will the Adults Come?

1.

There once was a group of Juveniles who won elections with their smiles
And promises that only they could bring back yesterday. (HUH!)
A yesterday from who knows when with perfect people who looked like them.
Their impudence seemed fresh and fun then shockingly they won. (HUH!)

When will the Adults come to oust these Juveniles, ev'ry one?

When will the Adults come to vote responsibly?

2.

When Juveniles are in control we lose our values, lose our soul.
Like D.E.I. which we hold dear, our values disappear. (HUH!)
They can't see hunger, can't see thirst, they're driving backwards in reverse.
The countries needing our relief now starve in disbelief. (HUH!)

When will the Adults come to oust these Juveniles, ev'ry one?

When will the Adults come to vote responsibly?

3.

They're firin' the experts by the bunches – puttin' in cronies who just have hunches.
Juveniles have so much fun in turning things upside down. (HUH!)
They're lettin' out criminals with a song and puttin' in others who voted wrong.
With constant lies and constant blame as if it's all a game. (HUH!)

When will the Adults come to oust these Juveniles, ev'ry one?

When will the Adults come to vote responsibly?

4.

The time is now, we cannot wait. For Russians it might be too late.
With courts confused and Congress weak it's time we up and speak. (HUH!)
We're sick of all the childish threats, and sick our country's more in debt
This poison has one antidote: we must get out and vote. (HUH!).

We are the Adults come to oust these Juveniles, ev'ry one.

We are the Adults come to vote responsibly.

We are the Adults come to oust these Juveniles, ev'ry one.

We are the Adults come to save democracy

(Let's do it)

We are the Adults come to oust these Juveniles, ev'ry one.

We are the Adults come to vote responsibly.

We are the Adults come to oust these Juveniles, ev'ry one.

We are the Adults come to SAVE DE-MO-CRA-CY. (HUH!) (HUH!) (HUH!) (HUH!) (HUH!) (HUH!)
