

Oh Greenland

Music: Greenland's National Anthem

Words: St. Louis Peace Choir

Oh Greenland we thank you for all your delights

 Your icebergs, fjords, and northern lights

 May beauty and wonder and life never cease

 May all the world forever let you live in peace

We honor your people whose seeds you have sown

 And all life to whom you give a home

 Your narwhals and walrus and pink-footed geese.

 May all the world forever let you live in peace.
